Student Corner: Roving Report from Caitlin Rm 10 and Esther Rm 9 about a recent trip to Matiu/Somes Island.

"We caught the ferry over to the Island, it was a bit bumpy and when we got there Bio Security checked us before we could explore. We loved seeing the little baby seal who was active and kept watching us to see what we were doing. The island is part of a Taranaki iwi. A beautiful place to visit really close to the city of Wellington."

Fr James

Queen's Birthday – the last long weekend till late October! But at least there are school holidays in between. Having breaks or breathers in the midst of activity or demanding routine are important for health. Just as we can't live on an empty stomach, we can't go on indefinitely without real rest. Burnout, collapse, exhaustion, lie in wait for the one who never stops!

Catholic schools seek to meet the needs of the whole person, catering for the physical, emotional and spiritual parts of our makeup. Each requires and deserves attention. The school day begins with prayer, centring us on the Giver of life. Our Cathedral School brings meditation into every class. It opens the mind to the presence of God and aims to integrate the day's work with our faith. This "Special Character" formation can help keep work and rest in perspective, teaching the need for both without minimising either. The wonderful, complex gift of life needs breath to work and rest to breathe.
