

Dear Parent or Guardian

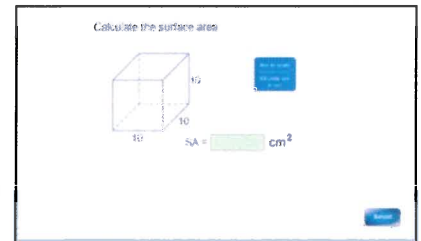

Mathletics is New Zealand's leading online resource for Maths. It's the next generation in learning, helping students enjoy Maths and achieve outstanding results.

About Mathletics (nz.mathletics.com)

With their unique username and password your child has 24 hour access to Mathletics using a PC, Apple, Chromebook, or Tablet App (iPad 3+, Samsung Tablet).

Interactive Activities (Full NZ Curriculum)

- ✓ Adaptive activities that respond to your child's needs
- ✓ Instant feedback
- ✓ Support that guides students through concepts
- ✓ Activity sets can be repeated – with different questions so practice not memorisation reinforces understanding
- ✓ And lots more!

Live Mathletics (On-line Basic Facts Game)

- ✓ Exciting real time challenges with students in their class, school, New Zealand and all over the world!
- ✓ Amazing for developing basic maths skills across the curriculum

Free Parent Access!

You can register for free parent access so you can view your child's progress and certificates.

- Visit www.mathletics.co.nz/parent
- Fill in the required fields and submit
- Record your new username and password

Student Sign In Details	
Username	<input type="text"/>
Password	<input type="password"/>
Parent details	
First Name	<input type="text"/>
Surname	<input type="text"/>
Email	<input type="text"/>
Confirm Email	<input type="text"/>
Country	<input type="text" value="-- Select Country --"/>

Your child's Mathletics account holds information relating to **their results and progress**. If other children use the account the teacher cannot use this data to help your child.

***** Please ensure that your child is the only one to access and use their account *****

**Please see overleaf for ideas on how you can help your child on Mathletics*

Behind every Mathletics GOLD is a great coach!

To get the most out of Mathletics we suggest children spend **30+ minutes per week** on Mathletics. Each week your child should aim to collect at least **3 new Gold Bars** by mastering activities (9/10 or 10/10). It is also important to revise previously mastered activities to help student remember them. Finally, please celebrate and reward your child's achievements at the end of each Mathletics week (Sunday).

Complete homework activities set by the teacher. When your child signs in homework may be listed on the "vault door". To unlock the vault door your child must complete all the listed activities.

Work on activities yet to be mastered. Your child should complete each activity until they can get **gold twice in row**. Different questions will be asked each time they repeat an activity. "Go for Gold" with each activity and turn blank, red or blue bars into gold.

Encourage your child to click on the Support Centre and Concept Video buttons. These powerful features empower your child to become an independent learner.

Improve your child's speed and accuracy when recalling basic facts by encouraging them to play Live Mathletics. Challenge them to beat their personal best, or become school champion at their level. Just 10 minutes at the beginning or end of each session is all it takes.

Widen your child's bank of strategies and gain more mathematical knowledge by encouraging them to:

- ✓ Look up words in Concept Search. You can minimise this window to come back to it if you get stuck on a word or concept when completing practice activities or tasks.
- ✓ Complete some of the Problem Solving questions.

Encourage your child to earn a Participation Certificate every week by gaining 1000 points or more during the Mathletics week (Monday to Sunday).

Google Chrome is the recommended browser for Mathletics (please delete your Temporary Internet Files after any upgrade). To learn more please visit our Technical Support page <http://www.3plearning.com/tech/mathletics> . If you have any further questions please email customerservice@3plearning.co.nz or phone 0800 375 327.
